

DISC BRAKE TRUCKS

B&P MANUFACTURING
Engineered Delivery Products

Liberator

DUAL AUTOMOTIVE style disc brake system makes drum brakes obsolete.

UNIQUE EQUALIZER bar and single cable or T-Rod design ensures equal braking on both sides.

COMPONENTS ARE heavy gauge steel and powder coated for better corrosion resistance and longer life.

OPTIONAL PULL out bar versus using foot to pull truck out from under load.

UPGRADE EXISTING hand trucks with B&P disc brake kits.

BRAKE RESPONSIVENESS is adjustable for driver's preference.

EXCLUSIVE 2-YEAR WARRANTY!

**OUR EXCLUSIVE LINE OF DUAL DISC BRAKE TRUCKS
OFFER COMPLETE STOPPING POWER WHEN
NEEDED, EVEN WHEN TIRES GET WET OR GREASY.**
